THE PIER-2 ART CENTER

Situated in the basin No. 3 of Kaohsiung Port, it has been made into a unique open art space, providing artists and students with an environment in which to express themselves, and has already become Kaohsiung's most popular cultural spot. All kinds of art activities are held irregularly in the District, bringing a rich artistic air to the port metropolis of Kaohsiung, and also bringing a new tide of southern art in Kaohsiung. The western railway line, which previously brought goods to the docks, has now become Kaohsiung's busiest cycling trail, and amazing works of art await discovery in the District's public spaces. Visitors can also go to the Hamasen Railway Cultural Park and witness how the passage of time has affected Kaohsiung's first railway station.

LOTUS POND 🌸

In 1686 (the 25th year ruled by Emperor Kangxi), the magistrate of Fengshan Yang Fang-Sheng planted lots of lotus (Lian) to embellish the scenery of the pool when building temples, so it was called 'Lianchih Pool (Lotus Pond)'. Lotus Pond is a scenic spot in Zuoying District with well-known renown. The most two beautiful scenes of Lianchihtan appear in the morning and at nightfall. In the morning, bright views appear indistinctly in the mist. While staying in the dock at nightfall, it seems that the golden sky is endless. At night, broad water region brings plenty of moonlight.
